Projects

Myntra Webpage UI Clone - HTML5 & CSS3

- Through the project of cloning the Myntra page and leading a team of 7.
 - I honed my leadership skills, successfully managing tasks and project timelines.
 - The project deepened my technical proficiency in HTML and CSS, sharpened my attention to detail, and cultivated adaptability and strong time management skills.
- Ultimately, this experience boosted my confidence in both technical and leadership capacities.

Movie Review Hub - HTML5, CSS3 & Vanilla JS

Developed a web application using HTML, CSS, and JavaScript that allows users to search for movies and submit reviews. Implemented a key feature to ensure saved reviews cannot be deleted, enhancing data integrity and security.
